Everything's Alright

from To the Moon

Laura Shigihara
(transcribed by Tigero)

Andante con rubato \( \frac{4}{4} = 96 \)

deep breath. Ev-ery-thing is al-right. Chin up, I can't.

Step in-to the spot-light. She said, "I'm sad," Some-how with
out any words. I just stood there, searching for an answer.

When this world is no more, the moon is all we'll see.

I'll ask you to fly away with me.
Until the stars all fall down, they empty from the sky but I don't mind. If you're with me, then everything's all right.

Why do my words always lose their...
meaning? What I feel, what I say, there's such a rift between them.

He said, "I can't really seem to read you." I just stood there. Never know what I should do. When this world is no more, the moon is all we'll see. I'll
- ask you to fly away with me.

Unitl the stars all fall down.

They empty from the sky but I don't mind. If you're with me then

Everything's alright.

If you're with me then everything's
75 - a tempo

alright.
