Unravel
Tokyo Ghoul First Opening
For Violin and Guitar

Transcribed by Sergio Ramirez

Arranger's note:
Ideas from both the original version and the acoustic version were used during the creation of this transcription. The key (F# minor) is from the acoustic version of Unravel. The guitar solo section in the middle of the song is meant for improvisation during the four measures of the solo, it is up to the guitarist whether they would improvise there or follow what's written. Now, make Kaneki proud!
